

# Dinh Do Ba Thi

I'm Thi. As someone with a lot of ambition and loving automation, day by day can't stop learning to become a valuable asset for any company. With me, Besides CI/CD, A good Devops must also know CL. I will become a Devops Leader and along with my team to make things from impossible to possible.

## Employment History

### SRE at GFT Group, Ho Chi Minh City

DECEMBER 2022 – PRESENT

Worked as SRE for a big digital bank in Singapore with these tech-stack:

- Transitioned the CI Pipeline from Circle CI to Harness NextGen.
- Migrated CD Pipeline from Harness FirstGen to Harness NextGen
- Oversaw the management of over 40 Kubernetes clusters and 10+ related components using Terraform.
- Controlled Helm charts for microservices and provided support for associated pipelines
- Continuously update and enhance infrastructure for consistency while ensuring it meets security requirements
- Deploy Karpenter on Kubernetes Clusters as part of cost optimization (saved ~30% ec2 cost)

### DevOps Engineer at MANABIE VIET NAM

FEBRUARY 2022 – NOVEMBER 2022

- Restructured Helm Chart and developed a shared template library for subcharts
- Achieved a significant 30% reduction in pipeline runtime and also reduced infrastructure cost by nearly 40%
- Spearheaded incident response efforts, offering hands-on troubleshooting during service interruptions and minimizing downtime to less than 4 hours.
- Actively engaged in the implementation of Github Action pipelines and local deployment tools.
